

Default Question Block

Examine the below list of procedures ordered by trainees' probability of earning a practice-ready rating (top is highest likelihood, bottom is lowest likelihood). Please identify the procedure where a **minimally competent trainee** has **less than a 75% chance** of earning a practice-ready rating.

- ☐ Appendectomy (laparoscopic)
- ☐ Anorectal Fistula - Repair
- ☐ Abdominal Exploration
- ☐ Amputations - Below Knee
- ☐ Umbilical Hernia - Repair (Pediatric, open)
- ☐ Choledochoenteric Anastomosis
- ☐ Nutritional Support
- ☐ Small Intestinal Resection (open)
- ☐ Cholecystectomy with or without Cholangiography (laparoscopic)
- ☐ Umbilical Hernia - Repair (laparoscopic)
- ☐ Ventral Hernia - Repair (open)
- ☐ Axillary Sentinel Lymph Node Biopsy and Lymphadenectomy
- ☐ Mastectomy - Simple, Modified Radical, and Radical
- ☐ Gastroduodenal Perforation - Repair
- ☐ Gastrointestinal Tract Injury - Repair
- ☐ Intussusception - Operation
- ☐ Ileostomy and Ileostomy Closure
- ☐ Appendectomy (open)
- ☐ Miscellaneous Hernias - Repair
- ☐ Tracheostomy
- ☐ Small Intestinal Resection (laparoscopic)

- ☐ Abdominal Exploration for Trauma
- ☐ Cholecystectomy with or without Cholangiography (open)
- ☐ Colostomy and Colostomy Closure (open)
- ☐ Colectomy - Total and Subtotal
- ☐ Peritoneal Dialysis Catheter Insertion
- ☐ Colostomy and Colostomy Closure (laparoscopic)
- ☐ Inguinal and Femoral Hernia - Repair (open)
- ☐ Colectomy - Partial (open)
- ☐ Exploratory Thoracotomy - Open and Thoracoscopic
- ☐ Ventral Hernia - Repair (laparoscopic)
- ☐ Parathyroidectomy
- ☐ Rectal Cancer - Transanal Resection
- ☐ Splenectomy (laparoscopic)
- ☐ Thyroidectomy - Partial or Total
- ☐ Vascular Injuries - Operations
- ☐ Partial Pulmonary Resections - Open and Thoracoscopic
- ☐ Splenectomy (open)
- ☐ Colectomy - Partial (laparoscopic)
- ☐ Gastrectomy - Partial/Total
- ☐ Hepatic Injury - Packing and Repair/Resection
- ☐ Pyloromyotomy
- ☐ Chest Wall Deformity - Repair
- ☐ Postgastrectomy Syndromes - Revisional Procedures
- ☐ Common Bile Duct Exploration and Choledochoscopy
- ☐ Inguinal and Femoral Hernia - Repair (laparoscopic)
- ☐ Rectal Cancer - Abdominoperineal Resection and Pelvic Exenteration
- ☐ Pancreatectomy - Distal
- ☐ Antireflux Procedures
- ☐ Rectal Prolapse - Repair
- ☐ Pancreaticoduodenectomy
- ☐ Paraesophageal Hernia - Laparoscopic Repair
- ☐ Morbid Obesity - Operation
- ☐ Segmentectomy/Lobectomy
- ☐ Esophagomyotomy (Heller)
