Pre- and Post- Session Surveys

Implementation note: Administer the pre-orientation survey to learners immediately before the near-peer clinical skills orientation session. Survey may be administered via paper or electronic platform. Administer the post-orientation survey to learners immediately following the near-peer clinical skills orientation session.

Pre-Orientation Survey:

1. Please create an anonymous study code using the following format:
   - First 2 letters of your mother's first name
   - Last 2 digits of your phone number
   - Your birth month (2 digits)
   Example: If your mother's name is Maria, your phone number ends in 85, and you were born in April, your code would be MA8504.

2. I feel prepared to perform basic hospital-based procedures expected of a third-year medical student.
