Re - Complete response of a colonic high-grade neuroendocrine carcinoma to platinum-based therapy: Insights from comprehensive genomic profiling

Dear Dr. Carr,

We submit for review a copy of the above manuscript and hope that it will be acceptable for publication in the Journal of Gastrointestinal Cancer. We believe it serves as an example of the potential benefits of comprehensive tumor sequencing towards better understanding and treating aggressive malignancies. We hope that you will consider our submission to be a useful contribution to the literature.

The paper will not be submitted elsewhere for publication while it is under review for the Journal of Gastrointestinal Cancer

All authors have read and approved the final draft of the manuscript.

Thank you for considering our submission.

Sincerely,

A handwritten signature in purple ink, appearing to read "Michael Carter".
