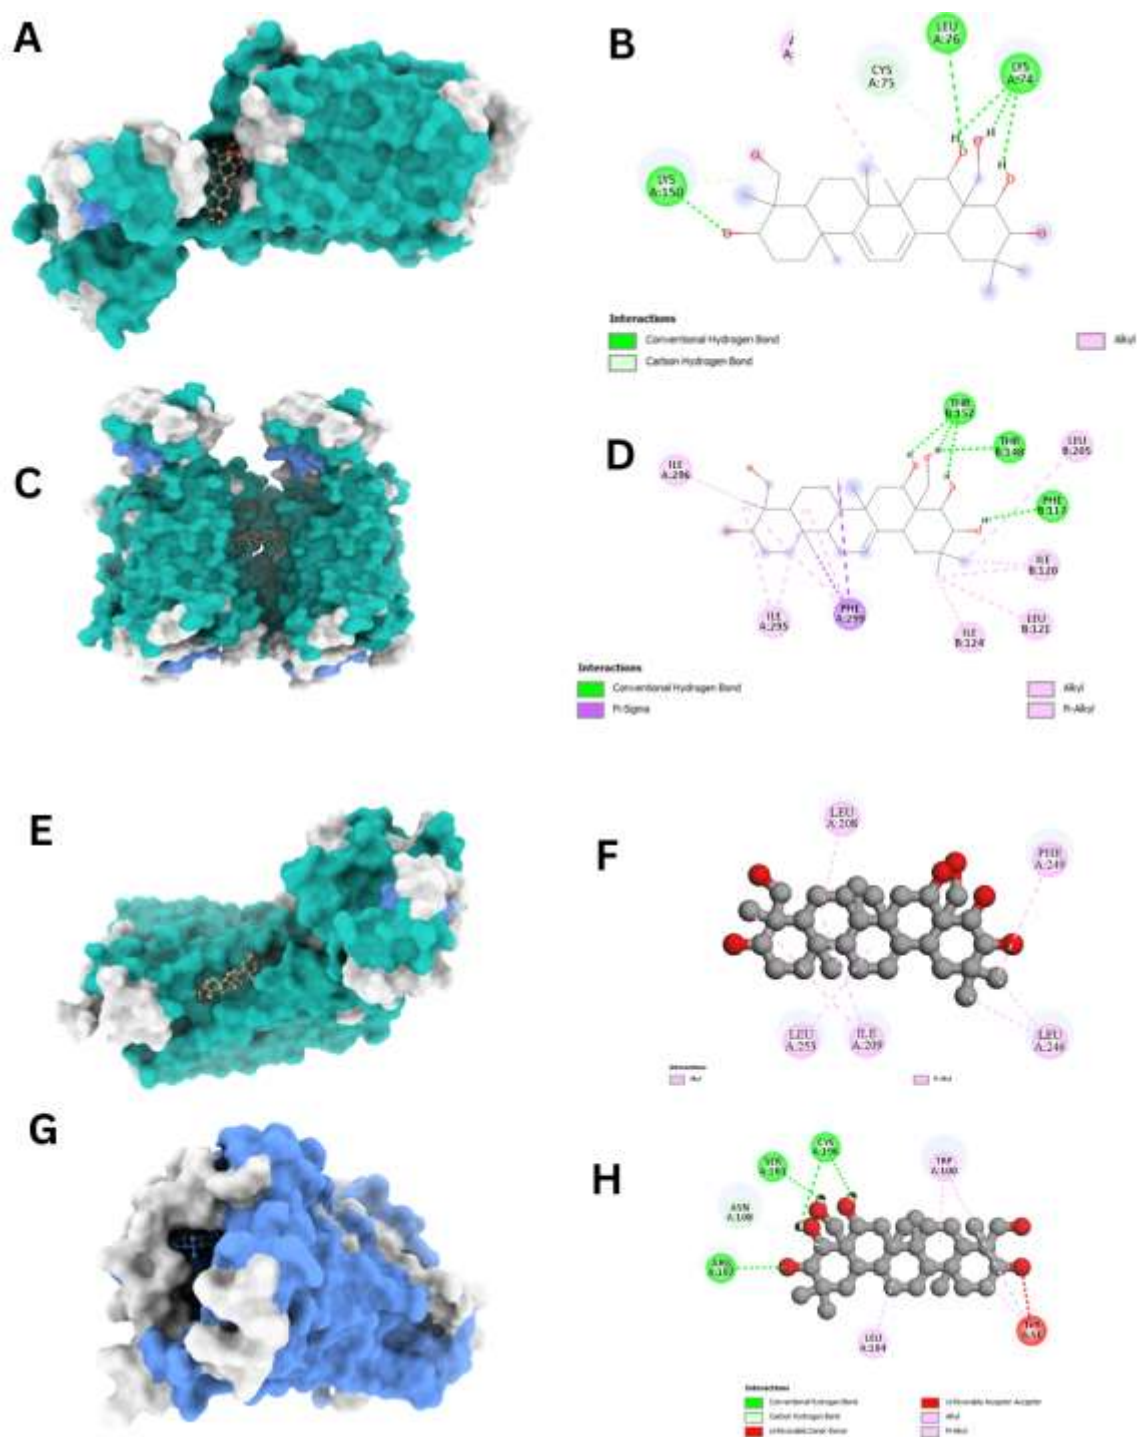

Fig. 1. Illustration of protein and ligand complex, with the left side depicting three-dimensional interactions and right side depicting two-dimensional interactions between protein and ligand (A-B) Gymnemagenin-CCR2. (C-D) Gymnemagenin-CCR5. (E-F) Gymnemagenin-CXCR4. (G-H) Gymnemagenin-CXCR7.

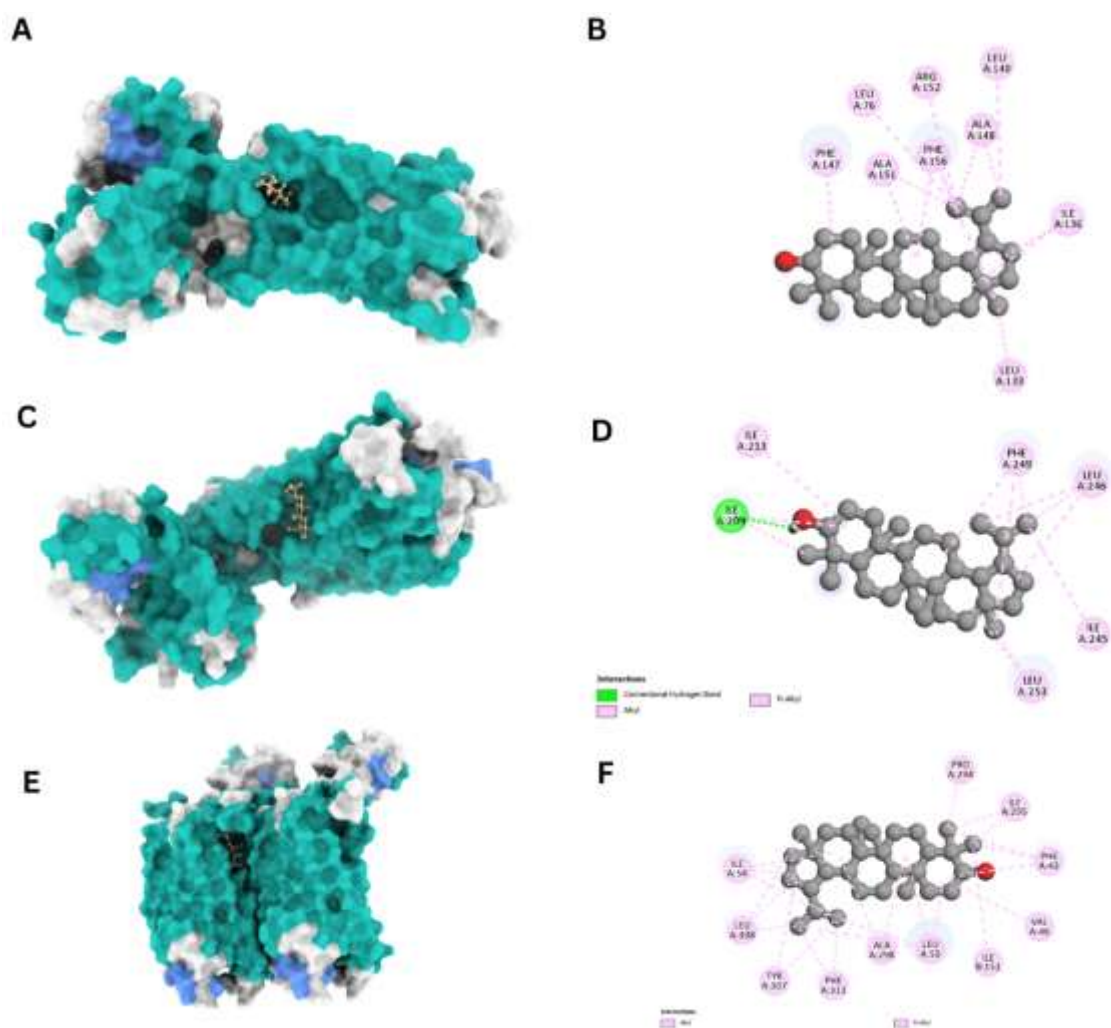

Fig. 2. Illustration of protein and ligand complex, with the left side depicting three-dimensional interactions and right side depicting two-dimensional interactions between protein and ligand (A-B) Lupeol-CCR2. (C-D) Lupeol-CXCR4 (E-F) Lupeol-CCR5
