This PDF file includes:

Caption of Movies S1 to S5

Captions of supplementary Movies

Movie S1. The DLA-SD simulation with precipitation index of 0.1, surface diffusion radius of 3 and colloidal concentration of 0.04.

Movie S2. The DLA-SD simulation with precipitation index of 0.9, surface diffusion radius of 5 and colloidal concentration of 0.04.

Movie S3. The DLA-SD simulation with precipitation index of 1.7, surface diffusion radius of 7 and colloidal concentration of 0.04.

Movie S4. The DLA-SD simulation with precipitation index of 1.7, surface diffusion radius of 3 and colloidal concentration of 0.04.

Movie S5. The DLA-SD simulation with precipitation index of 0.1, surface diffusion radius of 7 and colloidal concentration of 0.04.
