

Supplemental Material 1: original western blot (shown manuscript blot)  
technical replicates of the protein of **SAS** cells in 12%SDS (left) and 10% SDS (right) blots (repeat 1)

Supplemental Material 2: original western blot  
technical replicates of the protein of **SAS** cells in 12%SDS (left) and 10% SDS (right) blots (repeat 2)

Supplemental Material 3: original western blot  
technical replicates of the protein of **SAS** cells in 12%SDS (left) and 10% SDS (right) blots (repeat 3)

Supplemental Material 4: original western blot (shown manuscript blot)  
technical replicates of the protein of **FaDu** cells in 12%SDS (left) and 10% SDS (right) blots (repeat 1)

Supplemental Material 5: original western blot  
technical replicates of the protein of **FaDu** cells in 12%SDS (left) and 10% SDS (right) blots (repeat 2)

Supplemental Material 6: original western blot  
technical replicates of the protein of **FaDu** cells in 12%SDS (left) and 10% SDS (right) blots (repeat 3)
