Tehran University of Medical Sciences

School of Nursing and Midwifery & Rehabilitation - Tehran University of Medical Sciences

Research Ethics Committees Certificate

Approval ID:	IR.TUMS.FNM.REC.1404.105	Approval Date:	2025-09-06
Evaluated by:	Research Ethics Committees of School of Nursing and Midwifery & Rehabilitation - Tehran University of Medical Sciences		
Status:	Approved		
Approval Statement:	The project was found to be in accordance to the ethical principles and the national norms and standards for conducting Medical Research in Iran. Notice: 1. Although the proposal has been approved by the Biomedical Research Ethics Committee, meeting the professional and legal requirements is the sole responsibility of the PI and other project collaborators. 2. This certificate is reliant on the proposal/documents received by this committee on 2025-09-06. The committee must be notified by the PI as soon as the proposal/documents are modified. 3. Other Comments: - Clinical trials, after obtaining an ethics ID from the Research Ethics Committee, should be registered in the "Clinical Trial Registration Center of Iran" system to obtain an IRCT ID. - The researcher is required to notify any changes in the approved proposal (such as changes in the title of the research, the names of the principal investigator and collaborators, the methodology and other parts of the proposal) to the Research Ethics Committee and obtain approval.		
Thesis Title:	Comparing the Effects of Dry needling with and without Repetitive Transcranial Magnetic Stimulation on Central Sensitization in women with Myofascial Pain Syndrome of the Upper Trapezius Muscle
