Extended Table 1. Adverse events

	Cohort I (N=11)				Cohort II (N=15)				Cohort III (N=15)				Cohort IV (N=15)			
	Grade															
Adverse events	**1**	**2**	**3**	**4**	**1**	**2**	**3**	**4**	**1**	**2**	**3**	**4**	**1**	**2**	**3**	**4**
Allergic rhinitis										1						
ALP increased		1	1													
ALT increased		4	3		3				7	3	1		6		2	
Amylase increased			1						1							
Anorexia					1				2							
Arthralgia					2				2							
AST increased		6	1		4				7	2	1		8			
Bilirubin increased			2													
Creatinine increased		2														
Eosinophilia					1											
Fatigue													1			
Fever	5	1			2				3				1			
Gamma-GT increased		2		1												
Hgb decreased						1										
Hyperglycemia	1		1		1											
Hyperthyroidism										2						
Hypothyroidism						2								1		
Injection site reaction	1	7											2			
Lipase increased											1					
Localized edema	1	1														
Mucositis oral		1					1			1				1		
Myalgia									1							
Myocarditis										1						
Pneumonitis					1											
Rash maculo-popular	4	4			2	1			11				6	2		

Abbreviation: ALP; alkaline phosphatase, ALT; alanine aminotransferase, AST; aspartate aminotransferase, GT; glutamyl transferase, Hgb; Hemoglobin
