

Numerical node supports: pages 2-5.
Colored bands distinguish clades for visualization.

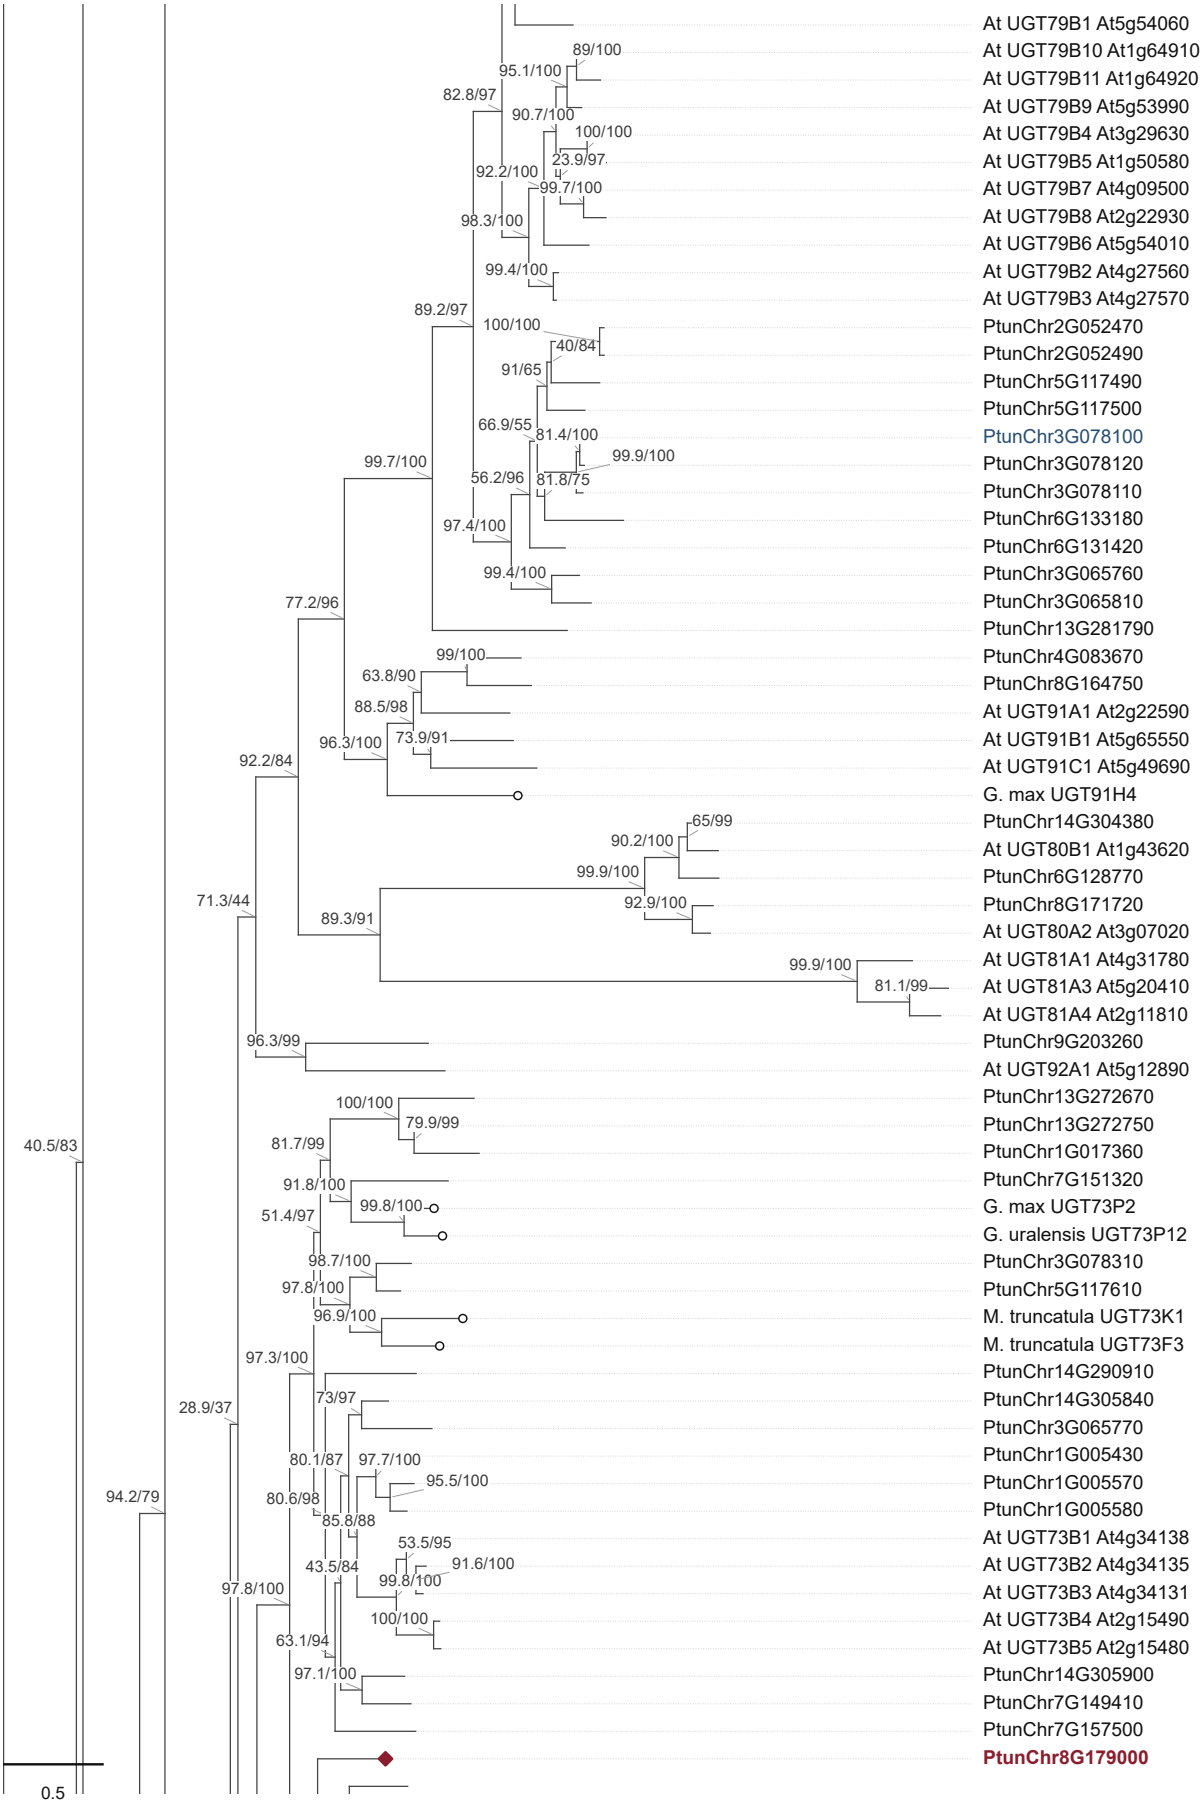

Full fixed tree: tips 1-64 of 256

Continuation 1/4; identical horizontal branch-length scale on every page

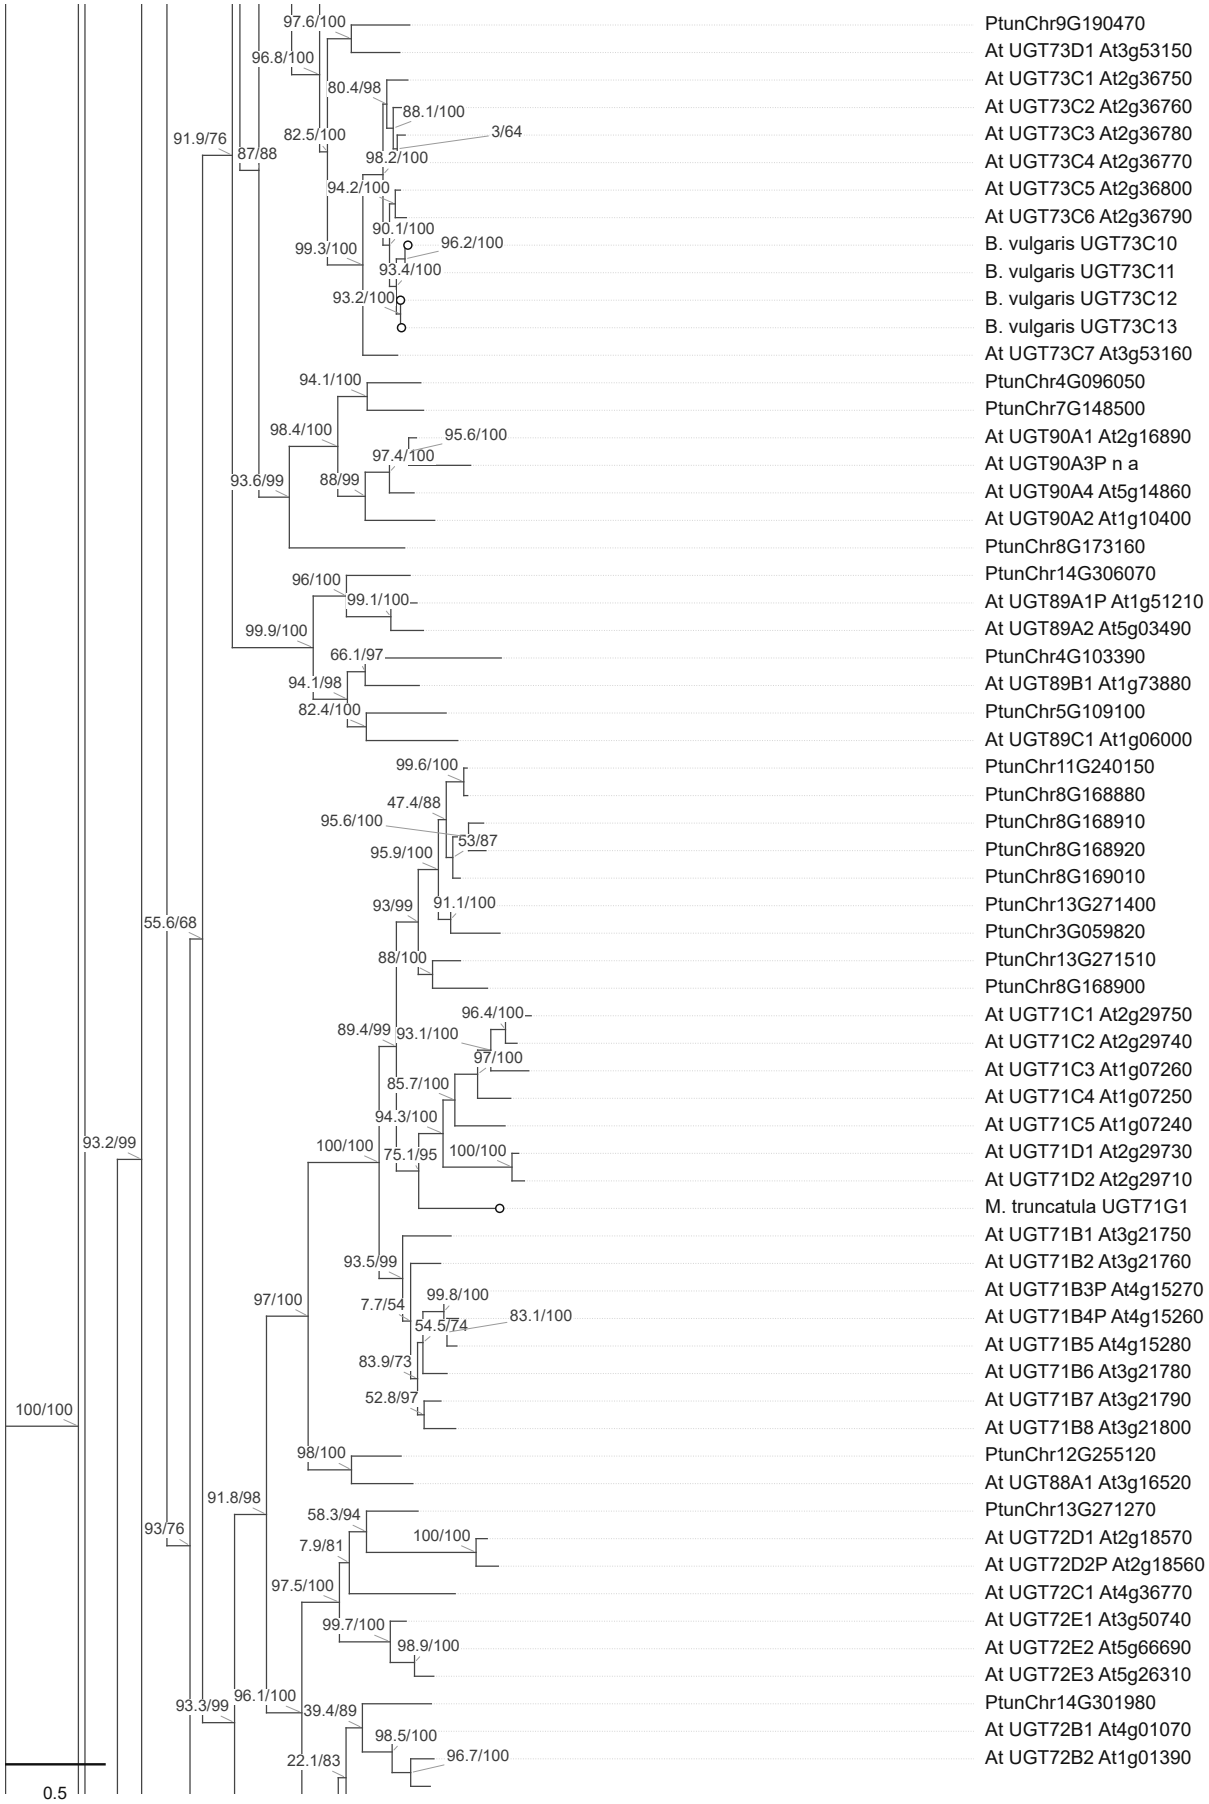

Full fixed tree: tips 65-128 of 256

Continuation 2/4; identical horizontal branch-length scale on every page

Full fixed tree: tips 129-192 of 256

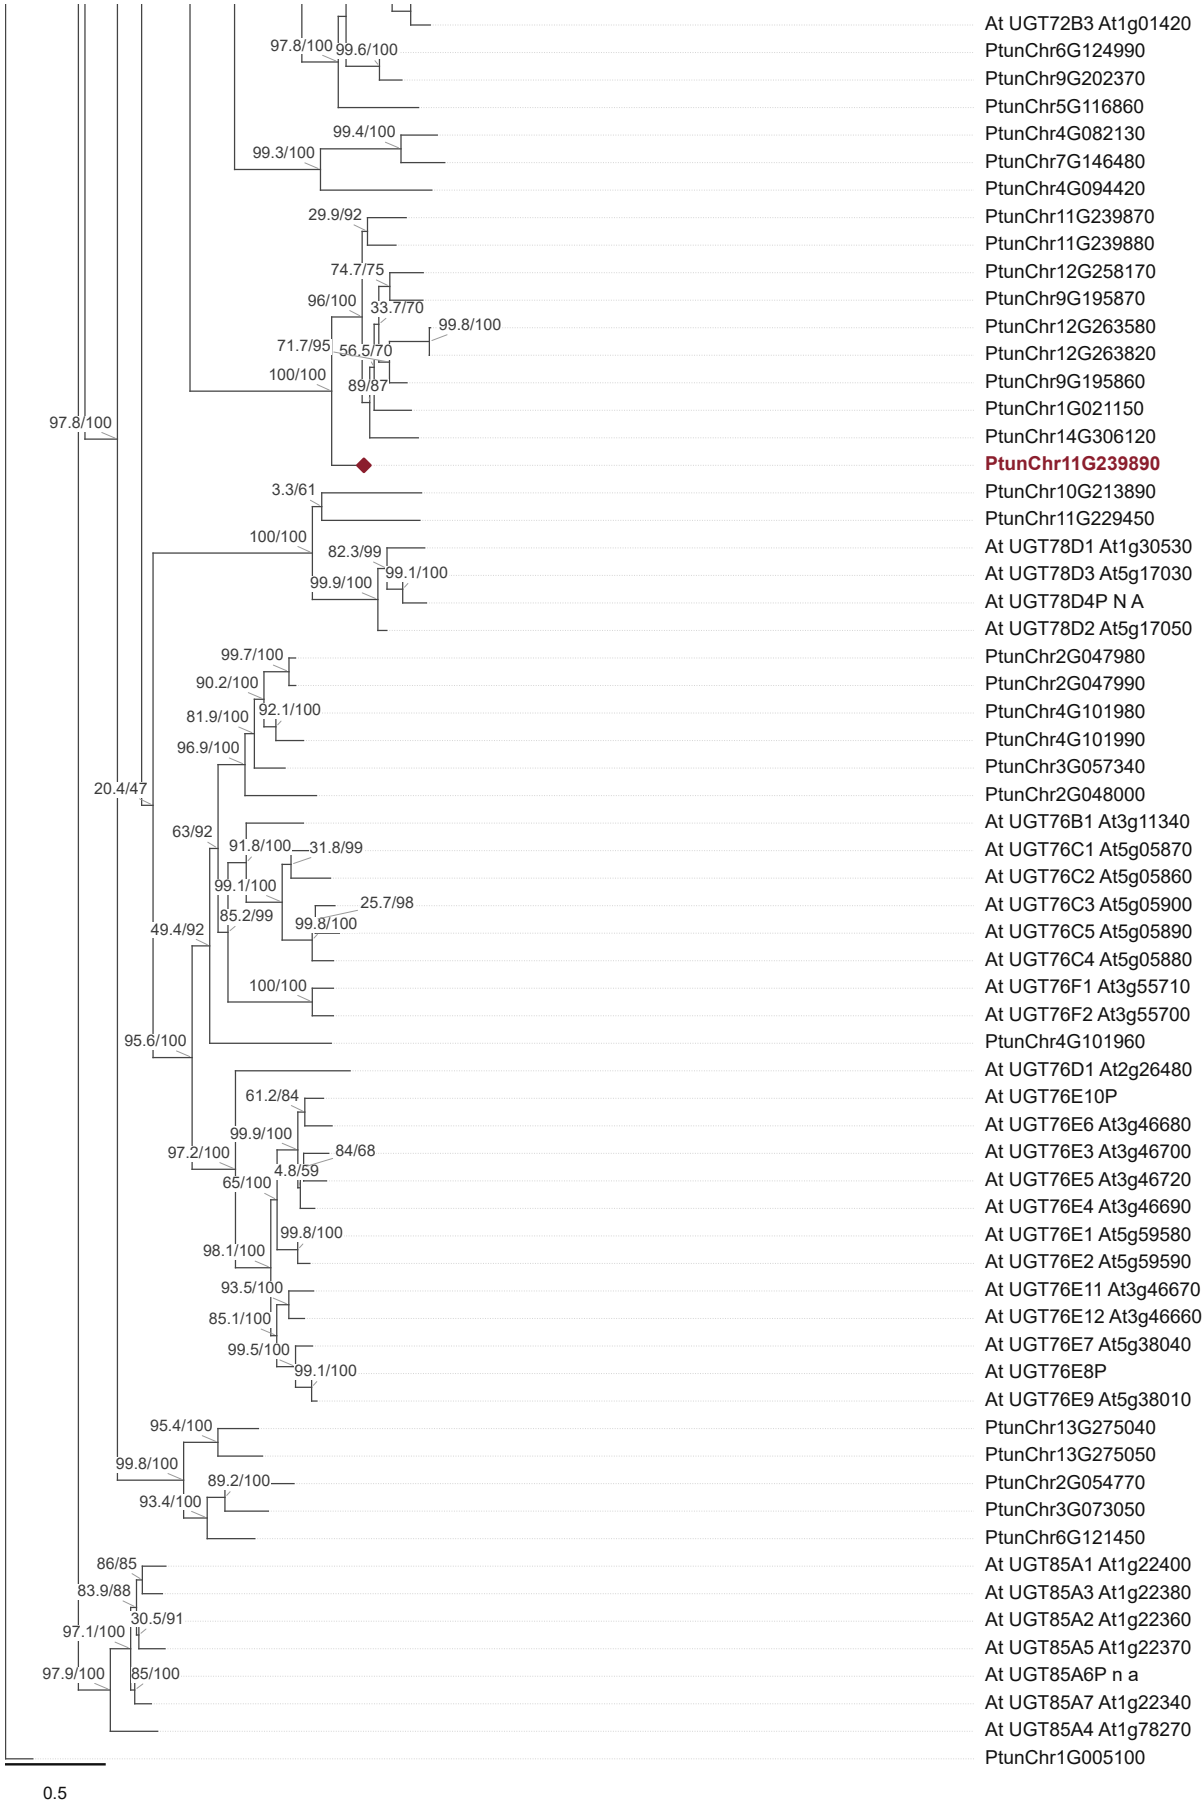

Continuation 3/4; identical horizontal branch-length scale on every page

Subset-stable core · Other Front 1 · Background · Characterized reference

Full fixed tree: tips 193-256 of 256

Continuation 4/4; identical horizontal branch-length scale on every page

Subset-stable core · Other Front 1 · Background · Characterized reference

Focused-tree continuation: Figure 4A with all numerical supports

50 original tips; original topology, branch lengths and all 47 support labels retained.
