

Have you ever:

- Traded sex for rent?
- Traded sex for drugs?
- Traded sex for food, transportation, or other services?
- Been forced to have sex for money?
- Chosen to have sex for money, goods or services - because it is your profession?

If you answer yes to any of these questions, your feedback is requested!

A University of Pittsburgh research study is exploring the relationship of healthcare and these behaviors. Your opinions matter! Participants are anonymously interviewed and receive a \$50 appreciation gift certificate.
