Dear Paola Gremigni

I hope that you are well and healthy during these difficult times. First of all, I bother you about Mindful Eating Questionnaire. I and my colleagues would like your permission to make the validity and reliability of this scale in Turkey. If you give permission, we also plan to conduct a survey on a large sample population right after the validity and reliability study. I would also like to tell you briefly about myself: I am working as a research assistant in the Department of Nutrition and Dietetics at Fırat University (in Turkey). I am also a PhD student. I have mostly done research on survey studies and meta-analysis. I am also sending you my Research Gate profile link with my academic work: <https://www.researchgate.net/profile/Murat-Acık>. I would like to inform you that I will carry out this research with three colleagues from different universities. I will be looking forward to your reply.

Best regards.

Paola Gremigni<paola.gremigni2@unibo.it>

Hi Murat,
yes, you have permission to validate the study in Turkish, please, citing our validation study, if you want to validate the short form, or Framson et al. if you want to ask them permission to validate the long form.
Following the Turkish validation, we could be interested in a cross-validation study (SEM invariance across countries). So, we can stay in contact to put our data together for the cross-sectional validation, if you are also interested in.
Regards

Prof. Paola Gremigni
Head of Service of Clinical Psychology and Systemic Psychotherapy
Department of Psychology
