

Supplemental materials

Appendix 1

Example of interview questions for patients with CRD and their caregivers include:

1. "Can you tell me briefly what you think about the Home-PR programme?"
2. "What were the main challenges you faced while participating in the programme?"

Examples of questions posed towards HCPs include:

1. "Do you think all patients with chronic lung disease should join this programme?"
2. "How does this programme differ from your existing programme?"
3. "What are the benefits of the Home-PR programme?"
4. "What challenges did you face while running the Home-PR programme?"
