

Name	Description
Airport	The environment sound record in airport, the sound of human speech, security check, etc.
Shopping mall	Background sound, such as advertisement sound, children crying
Metro station	The sound of the metro rubbing against the tracks
Street pedestrian	The sound of footstep, music, human sound
Public square	The sound of human speaking, square dancing, etc.
Street traffic	Street with medium level of traffic, car, engine sound
Tram	Travelling by a tram, the sound of engine start
Bus	Travelling by bus, engine sound, voice broadcast, etc.
Metro	Traveling by the underground metro
Park	Environment sound of urban park, such as bird, water flow
Unknown	Unknown acoustic scenes

Table 1. The classes of the **DCASE2019 Subtask 1C** dataset.

	Known	Unknown	Recall
Known	2783	510	0.845
Unknown	199	146	0.423
Precision	0.933	0.225	0.579/0.634

Table 2. Reduced confusion matrix of the open set acoustic scene classification dataset with self-supervised pretrained model.

	Known	Unknown	Recall
Known	177	12	0.937
Unknown	15	12	0.444
Precision	0.922	0.500	0.713/0.690

Table 3. Reduced confusion matrix of the GTZAN dataset.
