

Deepan N. received his B.E and M.E degree from Anna University, Chennai, Tamilnadu, India, in 2010 and 2013, respectively. He obtained his Ph.D degree in the area of wireless communication from National Institute of Technology, Tiruchirappalli, Tamilnadu, India, in 2022. Currently, he is working as Lecturer in the Department of ECE at Government Polytechnic College, Srirangam, Tamilnadu, India. His research interests include Wireless information and power transfer, Channel Modeling and its performance evaluation for wireless communication systems.

Rebekka B. is currently working as Associate Professor in the Department of ECE at National Institute of Technology, Tiruchirappalli, Tamilnadu, India. She received the Ph.D. degree from National Institute of Technology, Tiruchirappalli, Tamilnadu, India in the year 2016. She obtained the M.Tech. degree in Advanced Communication Systems from SASTRA Deemed University, Thanjavur, Tamilnadu, India in the year 2005 and B.E. degree in Electronics and Communication Engineering from Bharathiar University, Coimbatore, Tamilnadu, India. Her research interests include Quality of Service scheduling in wireless networks and Energy efficient communication.

J. Bala Vishnu is working as a Assistant Professor in Electronics and Communication Engineering at Amrita Viswa Vidyapeetham, Coimbatore, Tamilnadu, India. He received his Ph.D degree in in Electronics and Communication Engineering from College of Engineering Guindy, Anna University, Chennai. His current research interest indudes indude cognitive radio, adhoc wireless networks, energy harvesting, and machine learning.

Saswat Kumar Ram (S'14) received the professional degree in Electronics and Telecommunication Engineering from Biju Patanaik University of Technology, India in 2005, the M.Tech degree in VLSI Design and Embedded systems from NIT, Rourkela, India in 2011. He obtained his Ph.D. degree in Electronics and communication engineering from NIT, Rourkela, India. Currently, he is working as an Assistant Professor in the ECE Department, Amrita Viswa Vidyapeetham, Coimbatore, Tamilnadu, India. His current research interest indudes energy harvesting for IoT, low power VLSI design, embedded systems, Hardware security, signal processing, machine learning.
