

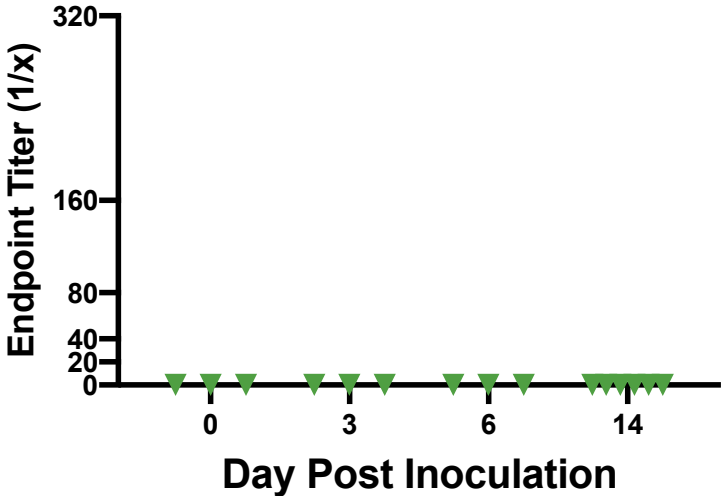

Figure S2

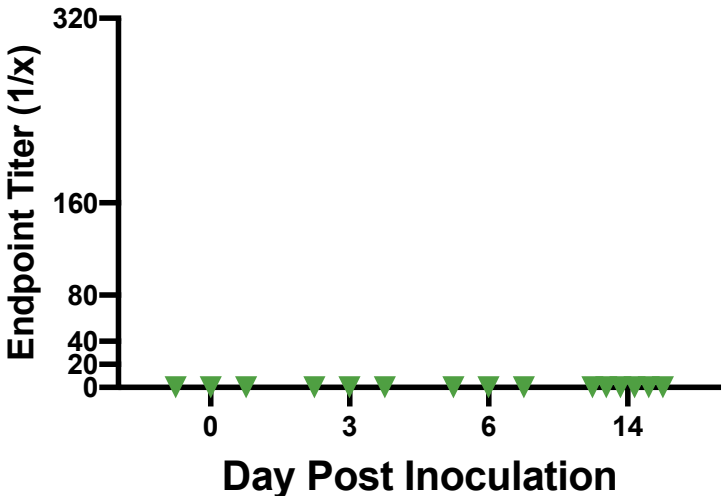

A

Plasma from 229E inoculated hamsters

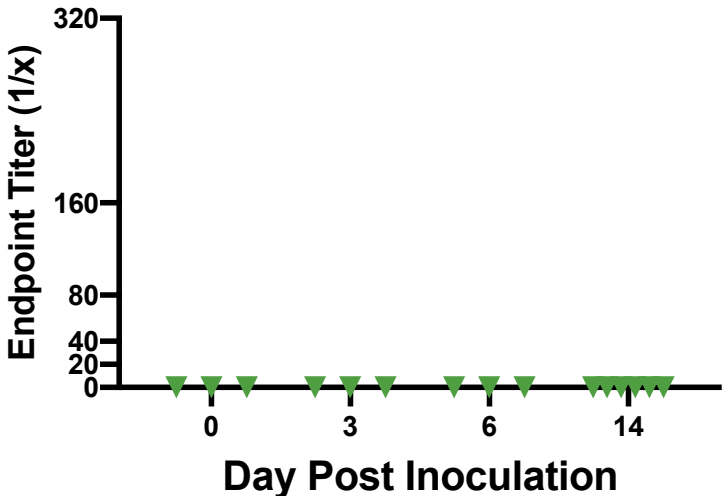

229E microneutralization

NL63 microneutralization

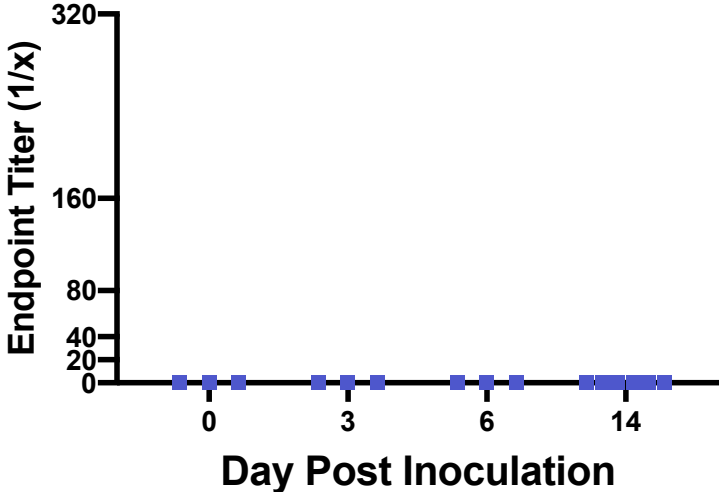

OC43 microneutralization

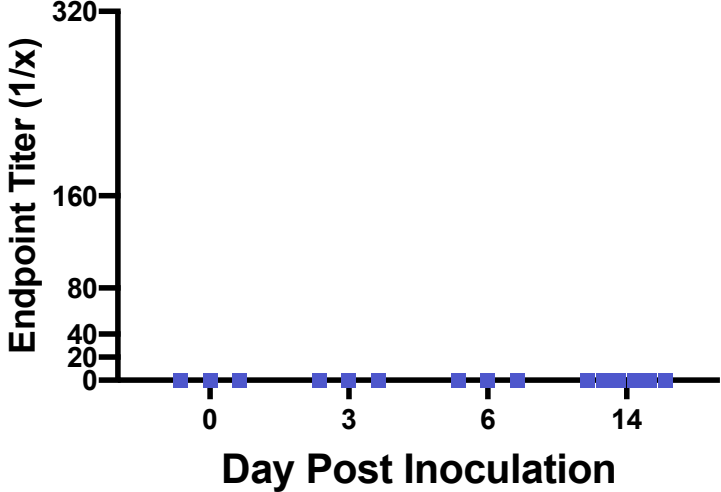

B

Plasma from NL63 inoculated hamsters

229E microneutralization

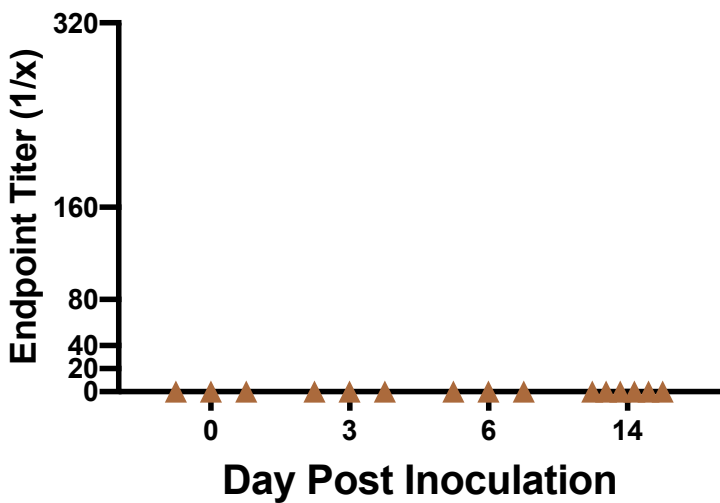

OC43 microneutralization

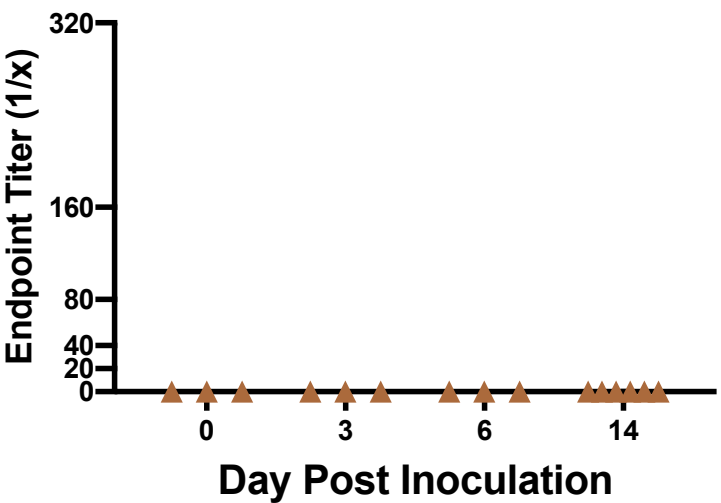

C

Plasma from OC43 inoculated hamsters

229E microneutralization

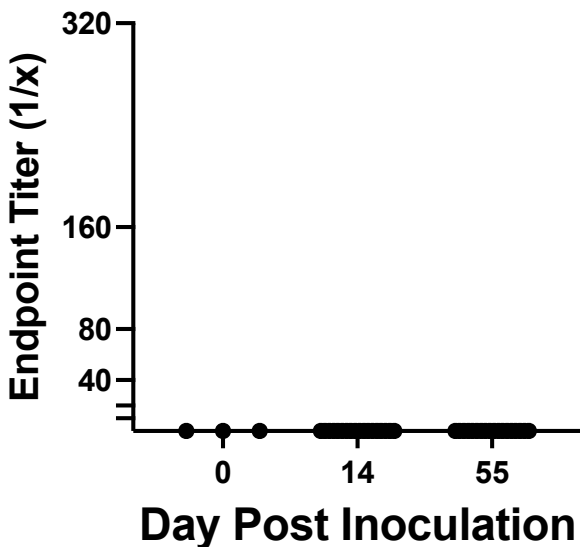

NL63 microneutralization

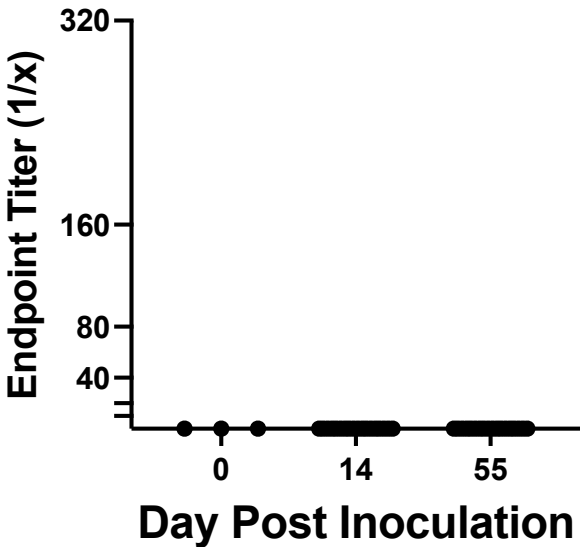

Plasma from mock inoculated hamsters

D

229E microneutralization

NL63 microneutralization

OC43 microneutralization
