

Article title: Genome-wide identification and comparative analysis of elongation of very long-chain fatty acid (Elovl) genes in echinoderms

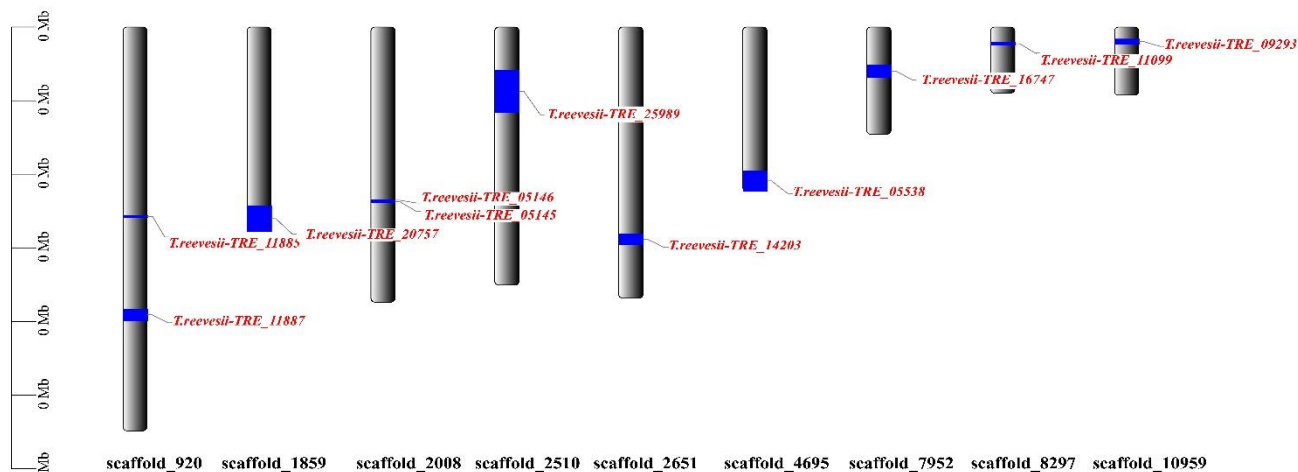

Journal name: Genetica

Author names: Meng-Yu Liu, Jia-Qi Li, Dong Zhang, Jin-Hua Mu, Xu-Hong Shen *

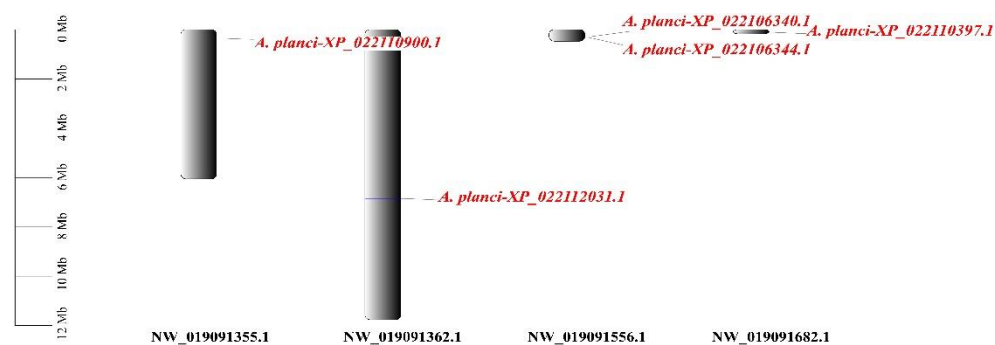

Affiliation and e-mail address of the corresponding author: Xu-Hong Shen, Yantai Institute of China Agricultural University, E-mail address: xhshen@cau.edu.cn.
