

P. Rajalakshmi is working as a Assistant Professor, Department of Electronics and Communication Engineering, M.I.E.T. Engineering College, Trichy, Tamilnadu, India. She received Ph.D Degree from National Institute of Technology, Trichy in the year of 2022 .She received her B.E Degree in Electronics and Communication Engineering from University of Madras, Tamilnadu, India, in 2004 and M.E. Degree in Computer and Communication, from Anna University, Tamilnadu, India, in 2012. She is in the teaching profession for 12 years. Her research interests include Metamaterial inspired antennas , Reconfigurable antennas and SIW antennas. She is a life member in professional bodies like IAENG and IACSIT.

N. Gunavathi is working as aAssistant Professor, Department of ECE, National Institute of Technology, Trichy, Tamilnadu, India. She received Ph.D in Engineering from National Institute of Technology, Trichy in the year 2016., M.E. & B.E degree from Madurai Kamaraj University, Tamilnadu, India in 1999 and 1997 respectively. She is in the teaching profession for 19 years. Published more than 10 papers in International Journals and presented more than 25 papers in International and National Conferences. Life time member of IETE. Her research interests include UWB antennas, mobile handset antennas and Metamaterial inspired planar antennas.

P. Jeyakumar received a B.E. degree in Electronics and Communication Engineering from Karpagam University in 2014, an M.E degree in Communication Engineering from Coimbatore Institute of Technology, Coimbatore in 2018, and a Ph.D. degree in Electronics and Communication Engineering from National Institute of Technology, Tiruchirappalli. Currently, he is working as Assistant Professor at M. Kumarasamy College of Engineering, Karur, India. His research interests include Antenna Design and Signal Processing, Massive MIMO, Beamforming for massive MIMO systems, millimeter wave signal processing, and deep learning for physical communication.

T. Sathesh Kumar received his B.E Degree in Electronics and Communication Engineering from Bharathidasan University, Tiruchirappalli, India, in 2003, the M.Tech. Degree from PRIST University, India, in 2012. Currently He is research scholar in Vellore Institute of Technology , Chennai, India. His research interests include Wireless Communication, Embedded systems and RF Antenna Design.
