

Scoring criteria for needle selection and suture knots

Name: _____

Date : _____

Items	Specific content and scoring rules	Out	Score	Note
Wear gloves (10)	Pinch the folding part of the glove mouth from the glove bag with your hand and remove the glove.	2		
	Wear gloves properly.	5		
	After the gloves are worn, the cuff should be tied.	3		
Reeve Needle (10)	The needle holder is clamped on the back 1/3 of the needle.	3		
	Pierce the needlepoint outward when threading.	3		
	The needle holder clamps the needle and threads.	2		
	After threading the needle, leave a short line length appropriately.	2		
Stitch Selection (15)	Triangle needle	5		
	Triangle needle	5		
	Triangle needle	5		
	Round-point needle	5		
	Round-point needle	5		
Selection Of sutures (15)	3-0	5		
	3-0	5		
	1-0 or 1	5		
	3-0	5		
	3-0	5		
Suture Method (15)	Simplex interrupted suture	5		
	Interrupted vertical mattress suture	5		
	Intermittent tension reduction suture	5		
	Interrupted vertical mattress suture	5		
	Simplex interrupted suture	5		
Knotting (20)	Square knot or triple knot	5		
	Square knot or triple knot	5		
	Triple knot	5		
	Square knot	5		
	Square knot	5		
	Firmly knotting	5		
Needle Spacing, Margin, Suture tail length (15)	Needle spacing 1.0~1.2 cm, Margin 0.5~0.6 cm, Suture tail length: 0.5~0.8 cm	5		
	Needle spacing 1.0~1.2 cm, Suture tail length: 0.5~0.8 cm	5		
	A long needle spacing and margin, suture through the rubber tube, Suture tail length: 0.5~0.8 cm	5		
	Suture tail length: 0.3~0.5 cm	5		
	The suture tail should be kept as short as possible, and it is best to be close to the knot.	5
