

Ref. No. CON/IG/2022/1

26th April 2022

Dr. Zainab Al Azri

Principal Investigator

Subject: Ethical Approval

Dear Dr. Zainab Al Azri,

After Compliments.

Thank you for corresponding to the comments made by Research and Ethics Committee. The Committee reviewed your proposal entitled "**Adverse Childhood Experience among Omani Adults: Prevalence and Predictors**" on 25th April 2022.

The Research and Ethics Committee recommends that the project is ethically approved and can be proceeded in accordance with the proposal submitted to the committee.

Please be informed that following the ethical approval to proceed with the project the principal investigator must:

- Report immediately to the Research and Ethics Committee for any adverse or unexpected events resulting from the research on human subjects.
- Notify Research and Ethics Committee Chair, upon termination or completion of the project.
- Submit a progress report annually and if necessary.

The research should be carried out in accordance with approved proposal. I wish you success in your research activities.

Sincerely,

Dr. Omar Al Rawajfah, PhD, RN, FAAN

Dean of the College of Nursing and

Chair of the Research and Ethics Committee
