

**Figure S1** Funnel plots to the causal association of serum uric acid on cardiovascular disease. (A) Funnel plot of the causal effect of serum uric acid on coronary artery disease. (B) Funnel plot of the causal effect of serum uric acid on hypertension. (C) Funnel plot of the causal effect of serum uric acid on myocardial infarction. (D) Funnel plot of the causal effect of serum uric acid on heart failure. (E) Funnel plot of the causal effect of serum uric acid on atrial fibrillation. (F) Funnel plot of the causal effect of serum uric acid on angina. (G) Funnel plot of the causal effect of serum uric acid on coronary heart disease.
