

**Supplemental Figure 1:**

**Using a black pen, please answer ALL questions by filling in the appropriate circles like ●**

What is your current relationship status?

- Divorced
- Married
- Separated
- Single
- Widowed
- Commited relationship
- Other

With whom do you live?

- Live alone
- Spouse
- Domestic partner
- Family
- Other

Can you climb two flights of stairs without stopping to rest?

- Yes, with no difficulty
- Yes, with difficulty
- No, can't do it at all
- Don't know

Are you dependent on a device for normal breathing (CPAP, nasal oxygen)?

- No
- Yes

Do you depend on any assistive devices such as a cane, wheelchair, braces, walker, or assistance from other people to perform activities important to you in your daily life?

- No
- Yes

Fill in the circle to the left of each activity which you have difficulty performing on your own?

- Preparing meals
- Feeding yourself
- Dressing
- Housekeeping
- Using the toilet
- Climbing stairs
- Bathing
- Walking
- Using transportation
- Getting in and out of bed
- Managing medications
- No difficulty with any of these activities

**Supplemental figure 2:**

PATIENT REPORTED 3-SYMPOTM SCREEN

FATIGUE (Scale: 0 = no fatigue; 10 = worst fatigue you can imagine):

PAIN (Scale: 0 = no pain; 10 = worst pain you can imagine):

OVERALL QUALITY OF LIFE (Scale: 0 = as bad as can be; 10 = as good as can be):

**Supplemental Table 1:**

	<b>N=111</b> <b>(Excluded patients)</b> <b>Median (IQR) or N(%)</b>	<b>N=515</b> <b>(Included patients)</b> <b>Median (IQR) or N(%)</b>	
<b>Age (years)</b>	67 (59-74)	66 (59-74)	NS
<b>Female</b>	33 (30)	207 (40)	0.04
<b>ISS</b>			NS
<b>I</b>	24 (24)	127 (27)	
<b>II</b>	45 (46)	182 (38)	
<b>III</b>	29 (30)	168 (35)	
<b>R-ISS</b>			NS
<b>I</b>	20 (21)	83 (19)	
<b>II</b>	69 (71)	297 (67)	
<b>III</b>	8 (8)	66 (15)	
<b>High-Risk FISH abnormalities</b>	42 (47)	188 (43)	NS
<b>Diagnosis after 2013</b>	1132 (57)	223 (43)	
<b>First-line induction</b>			NS
<b>PI-based</b>	25 (25)	144 (30)	
<b>IMiD-based</b>	44 (43)	200 (42)	
<b>PI+IMiD-based</b>	21 (21)	104 (22)	
<b>Other</b>	12 (12)	27 (6)	
<b>Early transplant</b>	44 (40)	188 (37)	NS

**Baseline characteristics of included and excluded patients.** Abbreviations: *CI*: confidence interval, *FISH*: Fluorescence In Situ Hybridization, *IMiD*: immunomodulatory drug, *IQR*: interquartile range, *ISS*: international staging system, *N*: number, *PI*: proteasome inhibitor, *R-ISS*: revised international staging system. NS = not significant.
