

Slide test

Date : 2023-11-08

1. Write down the name of the anatomical structure pointed to by the yellow arrow.

dorsal surface of tongue

Slide test

Date : 2023-11-08

2. Write down the name of the anatomical structure pointed to by the yellow arrow.

pterygomaxillary fissure

Slide test

Date : 2023-11-08

3. Write down the name of the anatomical structure pointed to by the yellow arrow.

hard palate

Slide test

Date : 2023-11-08

4. Write down the name of the anatomical structure pointed to by the yellow arrow.

nasolabial fold

Slide test

Date : 2023-11-08

5. Write down the name of the anatomical structure pointed to by the yellow arrow.

soft palate

Slide test

Date : 2023-11-08

6. Write down the name of the anatomical structure pointed to by the yellow arrow.

ghost image of mandible angle

Slide test

Date : 2023-11-08

7. Write down the name of the anatomical structure pointed to by the yellow arrow.

mental foramen

Slide test

Date : 2023-11-08

8. Write down the name of the anatomical structure pointed to by the yellow arrow.

innominate line

Slide test

Date : 2023-11-08

9. Write down the name of the anatomical structure pointed to by the yellow arrow.

infraorbital canal

Slide test

Date : 2023-11-08

10. Write down the name of the anatomical structure pointed to by the yellow arrow.

hyoid bone

Slide test

Date: 2023-11-08

11. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-ameloblastoma

Slide test

Date: 2023-11-08

12. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-osteomyelitis

Slide test

Date: 2023-11-08

13. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-odontogenic keratocyst

Slide test

Date: 2023-11-08

14. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-malignancy

Slide test

Date: 2023-11-08

15. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

5-odontogenic keratocyst

Slide test

Date: 2023-11-08

16. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-malignancy

Slide test

Date: 2023-11-08

17. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4-dentigerous cyst

Slide test

Date: 2023-11-08

18. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-adenoid odontogenic tumor

Slide test

Date: 2023-11-08

19. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-odontogenic keratocyst

Slide test

Date: 2023-11-08

20. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-fibrous dysplasia

Slide test

Date: 2023-11-08

21. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4,6-cherubism

Slide test

Date: 2023-11-08

22. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-post operative maxillary cyst

Slide test

Date: 2023-11-08

23. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-radicular cyst

Slide test

Date: 2023-11-08

24. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-malignancy

Slide test

Date: 2023-11-08

25. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-osteomyelitis

Slide test

Date: 2023-11-08

26. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4-odontogenic myxoma

Slide test

Date: 2023-11-08

27. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-schwannoma or 6-neurilemoma

Slide test

Date: 2023-11-08

28. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-dentigerous cyst

Slide test

Date: 2023-11-08

29. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-osteomyelitis

Slide test

Date: 2023-11-08

30. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-ameloblastoma

Slide test

Date: 2023-11-08

31. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-odontoma

Slide test

Date: 2023-11-08

32. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-malignancy

Slide test

Date: 2023-11-08

33. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

2-nasopalatine canal cyst

Slide test

Date: 2023-11-08

34. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-fibrous dysplasia

Slide test

Date: 2023-11-08

35. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4-simple bone cyst

Slide test

Date: 2023-11-08

36. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-dentigerous cyst

Slide test

Date: 2023-11-08

37. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4-ameloblastic fibro-odontoma

Slide test

Date: 2023-11-08

38. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4,6-osseous dysplasia

Slide test

Date: 2023-11-08

39. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-fibrous dysplasia

Slide test

Date: 2023-11-08

40. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-malignancy

Slide test

Date: 2023-11-08

41. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-central odontogenic fibroma

Slide test

Date: 2023-11-08

42. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-ossifying fibroma

Slide test

Date: 2023-11-08

43. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

1-adenoid odontogenic tumor

Slide test

Date: 2023-11-08

44. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4-osteomyelitis

Slide test

Date: 2023-11-08

45. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-odontoma

Slide test

Date: 2023-11-08

46. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

4-ossifying fibroma

Slide test

Date: 2023-11-08

47. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-fibrous dysplasia

Slide test

Date: 2023-11-08

48. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-osteomyelitis

Slide test

Date: 2023-11-08

49. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

6-odontogenic keratocyst

Slide test

Date: 2023-11-08

50. Choose the number according to the lesion location observed in the following panorama and write down its diagnosis.

- 1) Right maxilla
- 2) Anterior maxilla
- 3) Left maxilla
- 4) Right mandible
- 5) Anterior mandible
- 6) Left mandible

3-fibrous dysplasia
