

## Supplementary file1

**Figure S1:** Interaction effects of characteristics with time in GLMM.

**Figure S2:** Learning curves of machine learning algorithms.

**Figure S3:** Calibration plots of machine learning algorithms in the training set.

**Figure S4:** Calibration plots of machine learning algorithms in the test set.

**Figure S5:** Cross-validation ROC and PR AUC plots of machine learning models:  
ROC

AUC plots (A), PR AUC plots (B).

**Figure S6:** Visualization of hyperparameter tuning results for the MLP model.

**Figure S7:** Illustration of the neural network structure.

**Figure S1:** Interaction effects of characteristics with time in GLMM.
