

**Supplementary Fig. 1. Kaplan-Meier analysis of OS and PFS was performed according to the expression of MCP-1, CD68, and CD163 in different levels of risk. OS and PFS in IPI score=0-1 (A-D), OS and PFS in IPI score = 2-3 (E,F), OS and PFS in IPI score = 4-5 (G-L); P value was calculated by log-rank test.**
