Online Survey on Establishment of Online Learning Activity in Engaging BPharm Students as Partners Dietary Supplements in Dietary Supplements

You are invited to participate in a research study conducted by the Department of Pharmacology and Pharmacy of the University of Hong Kong. The purpose of the study is to investigate the learning effectiveness by engaging Bachelor of Pharmacy students as partners in creating an E-learning platform. You will be invited to fill out the online survey to give your opinion on teaching and learning experience of the E-learning platform. The survey would only take you about 10 minutes to complete, and you can choose to terminate the survey at any time without negative consequences. I would like to stress that all information collected will remain strictly confidential. Individual details will not be disclosed or identifiable from this survey. All data containing personal identifiers be kept for 4 years after publication of first paper. If you have any questions about the research, please feel free to contact Mr. Marco T. Lee (3910 3758). If you have questions about your rights as a research participant, please contact the Human Research Ethics Committee, HKU (2241-5267) (HREC Reference Number: EA230546)
