NEW CASE | Patient advice

Vomiting
If you vomit within 30 minutes of taking the medication, repeat your dose.

Taking medication with food
Within 24 hours of onset of fever or other symptoms?

Side effects
If you have dark coloured urine, stop taking your Primaquine and go to the nearest health centre.

When to get help
If you do not feel better within 1 day, or start to feel much worse, go to the nearest health facility for further care.
