

The Life Rooms Evaluation

Case Study Information Sheet

We would like to hear from people who have used The Life Rooms services about their experiences of doing so and how it has impacted them.

What is a case study?

Simply put, a 'case study' is us asking you to tell us about your experience of using The Life Rooms services. You can provide as little or as much information as you would like, the template offers some suggestions of the kind of things you might want to include. You can do this in writing yourself, or you can get in touch with us, and we can speak with you over the phone or in-person and write it down for you.

What will it be used for?

The information you provide will be used for sharing information about The Life Rooms. It is important to note that your name will **NEVER** be shared with any information you provide in the case study.

Some examples of what we might use case studies for:

- Evaluation of The Life Rooms services
- Promotional/marketing material for The Life Rooms
- Supporting information for funding bids
- Supporting information for award nominations
- Presentations for conferences and events

How will my information be stored?

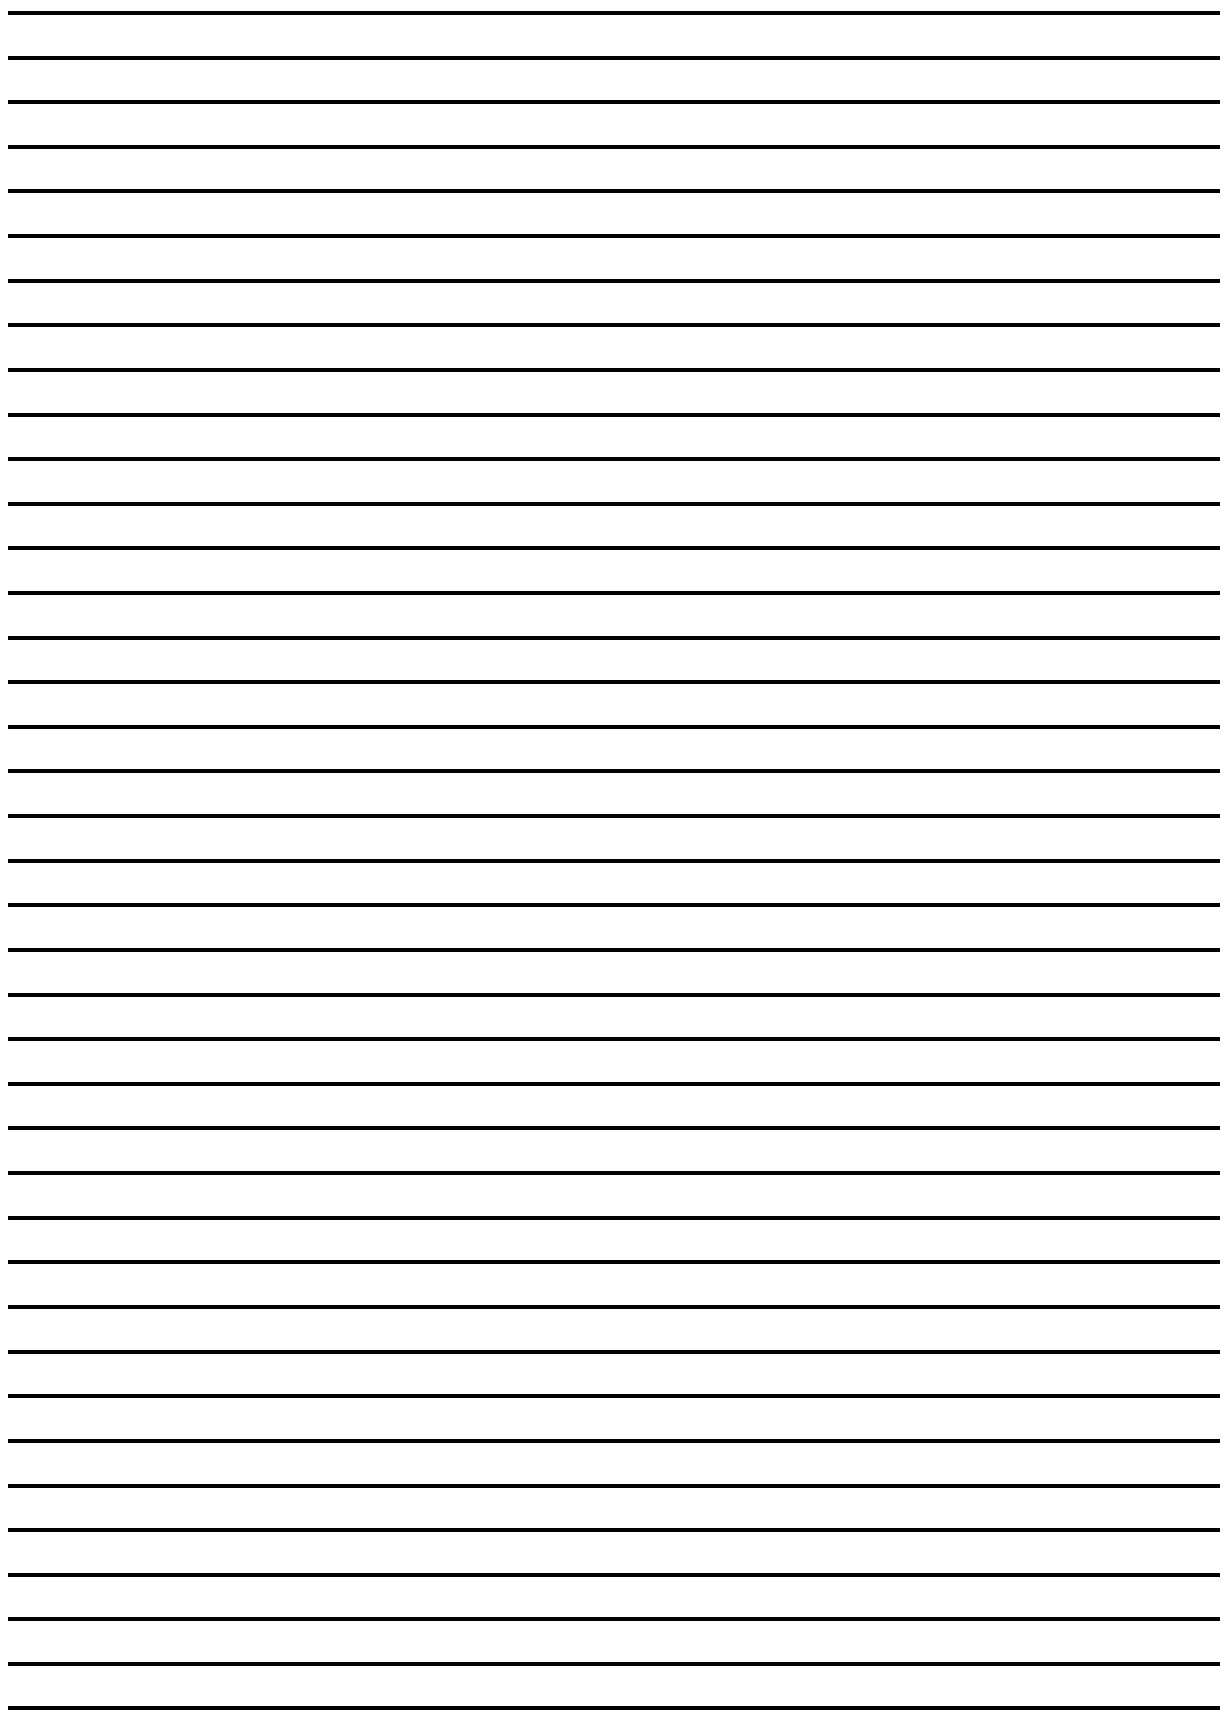

A written account of your experiences with The Life Rooms will be saved electronically on a secure drive. Only authorised members of The Life Rooms staff will be able to access this information.

If you have any questions or would like more information, please contact us on:

Email: liferoomsresearch@merseycare.nhs.uk
