

| Entrustable Professional Activities (EPAs)                                                          | Pre-transition | Post-transition | p-value |
|-----------------------------------------------------------------------------------------------------|----------------|-----------------|---------|
| 1. Obtain a history and perform a physical examination adapted to the patient's clinical situation. | 3.06 ± 0.44    | 2.84 ± 0.80     | 0.32    |
| 2. Formulate and justify a prioritized differential diagnosis.                                      | 2.69 ± 0.60    | 2.72 ± 0.68     | 0.88    |
| 3. Formulate an initial plan of investigation based on the diagnostic hypotheses.                   | 2.56 ± 0.63    | 2.36 ± 0.91     | 0.44    |
| 4. Interpret and communicate results of common diagnostic and screening tests.                      | 2.75 ± 0.68    | 2.84 ± 0.85     | 0.72    |
| 5. Formulate, communicate and implement management plans.                                           | 2.25 ± 0.68    | 2.36 ± 1.04     | 0.71    |
| 7. Provide and receive the handover in transitions of care.                                         | 1.94 ± 0.85    | 2.04 ± 0.93     | 0.73    |
| 8. Recognize a patient requiring urgent or emergent care, provide initial management and seek help. | 2.81 ± 0.91    | 2.76 ± 1.05     | 0.87    |
| 9. Communicate in difficult situations.                                                             | 2.38 ± 0.72    | 2.48 ± 0.92     | 0.70    |
| 12. Educate patients on disease management, health promotion and preventative medicine.             | 3.13 ± 0.72    | 3.08 ± 0.91     | 0.87    |
