Project Title	Yemeni Perspectives on China's Role in Yemen's Politics and Development: Perceptions, Relations, and Political Dynamics (2012–2025).
Student Name	Hazem Mojahed Ammar/ Alkahtani Saad Binmuaadh
Supervisor Name	Prof. Changxian Zhou
Email	yahya2021@lzu.edu.cn / saad2023@lzu.edu.cn
Estimated Start Date	April 2025
Estimated End Date	November 2025
Estimated Start of Fieldwork	May 2025
Estimated End of Fieldwork	November 2025

Section B Ethics Approval Statement

Ethical approval for this study will be sought from the Institutional Review Board (IRB) of Lanzhou University. The research will comply with all relevant national and institutional ethical guidelines.

- Ethical approval for this study will be requested from the Ethics Committee of Lanzhou University, School of Politics and International Relations (application pending approval) as a requisite for the Journal.
- If secondary data from national surveillance sources or health records are used, all necessary data use permissions and de-identification processes will be followed prior to analysis.

Participants and Data Sources

- The study will use Primary data with human participants through Online survey.
- Data will include Yemeni People views on China and their attitude towards the Chinese project “Belt and Road Initiative” in Yemen.

Recruitment, Consent, and Confidentiality

- **Data Source:** Outcome from the online survey.
- **Consent:** As retrospective and anonymized data will be used, individual consent is not required under standard practice, but institutional permission and ethical approval are mandatory.
- **Confidentiality:** All data will be handled according to university and international data protection policies. Personal identifiers (if present) will be removed.

Risks and Mitigation

- No direct risks to participants, as only Primary data are used.
- Strict adherence to confidentiality and data protection guidelines.

Section D Ethics Checklist

Section E Additional Statements

Question	Yes/ No	Notes
