

Factors associated with hearing impaired elderly in RDHS area Colombo

Questionnaire for the assessment of factors associated with hearing impaired elderly in RDHS area Colombo

Serial Number:

Name of the DS division:

Name of the interviewer:

Name of the GN area:

Date of the interview:

Read out to the respondent.

“I would like to ask some questions related to your past and present. The information you give is confidential and you have the freedom to refuse any of the questions you want. The information you provide is very important and try to answer sincerely and as accurately as possible. This is not a test. There are no “right” or “wrong” answers. What you tell is completely confidential and only the researchers will have access to the completed forms. If you do not understand any questions, please tell me. We are using only elders over the age 65 years for the study”

Mark the responses in the relevant box by a cross (x) or write the answer in the space given. Where more than one option has to be obtained, please indicate that to the respondent.
