FT READ OUT

: I would like to start by asking you questions about your household. By household I mean one or more people sleeping under the same roof or within the same compound and sharing resources together, typically, their food or money.

Note, households can be one person only e.g. a teacher in a teacher house or a single person household. Also note that members of a household recognize one and the same person as the head of the household.

HOUSEHOLD MEMBERS must have been part of the household for more than half of the time in the past 3 months or anyone recently born or married into the household.

Is this clear?

Yes

No

FT READ OUT

: Now thinking about your household, I would like you to provide me the names of all adult members who are involved in activities related to the household chicken. This could be feeding, cleaning, sweeping, identifying sick chickens, selling and marketing poultry products, making veterinary decisions, etc. Please start with the main person in the household who is responsible for chicken related activities
