 Community Medicine,
 Principal Investigator,
 FMHS and SGTH
 SGTU

Sub: Ethical clearance for project titled "Prevalence of Type II Diabetes & Hypertension and associated socio-demographic, lifestyle factors and perceived stress parameters in the age group of 30 to 70 years in a rural area of Gurugram district, Haryana."

Dear Dr. Sunita Vashisht,

The following documents submitted by Dr. Sunita Vashisht (Investigator), to the Institutional Ethics Committee were reviewed:

1. Research Protocol for the Study
2. Study Proforma
3. Investigator Undertaking
4. CV of the Investigator

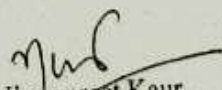

In case of investigator's retirement / leaving the institute, clinical research study responsibility should be transferred to the Co- investigator after obtaining clearance from IEC.

In the event(s) of any amendments in protocol and to any other previously approved documents, the IEC must be informed and only after approval the amendment (s) then can be implemented. Amendments should be highlighted in clear terms, i.e. the exact alteration / amendment should be specified and indicated where the amendments occurred in the original documents of the clinical research study.

Any deviation/ Violation along with supporting documents (Source Notes) / waiver in the protocol must be informed to the Institutional Ethics Committee.

Reference to above, I am directed you to convey that with due approval of the members of IEC and Dean, Faculty of Medicine and Health Sciences, SGT university, the project to be undertaken at SGTH site, stands cleared Institutional Ethics Committee, Faculty of Medicine and Health Sciences, SGT University.

Please note that the Institutional Ethics Committee is constituted as per ICH-GCP, new Drugs and Clinical Trials Rules 2019 & ICMR Guidelines.

 Dr. Nimarpreet Kaur,
 Member, Secretary, IEC
