Abstract (no references)	Title	1 The diagnosis or intervention of primary focus followed by the words “case report”	<u>Title page</u>
	Key Words	2 2 to 5 key words that identify diagnoses or interventions in this case report, including "case report" ...	<u>Key words section</u>
	Abstract	3a Introduction: What is unique about this case and what does it add to the scientific literature?	<u>Abstract</u>
		3b Main symptoms and/or important clinical findings	<u>Abstract</u>
		3c The main diagnoses, therapeutic interventions, and outcomes	<u>Abstract</u>
Introduction		3d Conclusion—What is the main “take-away” lesson(s) from this case?	<u>Abstract</u>
	Introduction	4 One or two paragraphs summarizing why this case is unique (may include references)	<u>Introduction</u>
Patient Information	Patient Information	5a De-identified patient specific information.	<u>Case presentation</u>
		5b Primary concerns and symptoms of the patient.	<u>Case presentation</u>
		5c Medical, family, and psycho-social history including relevant genetic information	<u>Case presentation</u>
		5d Relevant past interventions with outcomes	<u>Case presentation</u>
Clinical Findings	Clinical Findings	6 Describe significant physical examination (PE) and important clinical findings.	<u>Case presentation</u>
	Timeline	7 Historical and current information from this episode of care organized as a timeline	<u>Table 1</u>
Diagnostic Assessment	Diagnostic Assessment	8a Diagnostic testing (such as PE, laboratory testing, imaging, surveys).	<u>Case presentation</u>
		8b Diagnostic challenges (such as access to testing, financial, or cultural)	<u>Case presentation</u>
		8c Diagnosis (including other diagnoses considered)	<u>Case presentation</u>
		8d Prognosis (such as staging in oncology) where applicable	<u>Case presentation</u>
Therapeutic Intervention	Therapeutic Intervention	9a Types of therapeutic intervention (such as pharmacologic, surgical, preventive, self-care)	<u>Case presentation</u>
		9b Administration of therapeutic intervention (such as dosage, strength, duration)	<u>Case presentation</u>
		9c Changes in therapeutic intervention (with rationale)	<u>Case presentation</u>
Follow-up and Outcomes	Follow-up and Outcomes	10a Clinician and patient-assessed outcomes (if available)	<u>Case presentation</u>
		10b Important follow-up diagnostic and other test results	<u>Case presentation</u>
		10c Intervention adherence and tolerability (How was this assessed?)	<u>Case presentation</u>
		10d Adverse and unanticipated events	<u>Case presentation</u>
Discussion	Discussion	11a A scientific discussion of the strengths AND limitations associated with this case report	<u>Discussion</u>
		11b Discussion of the relevant medical literature with references	<u>Discussion</u>
		11c The scientific rationale for any conclusions (including assessment of possible causes)	<u>Discussion</u>
		11d The primary “take-away” lessons of this case report (without references) in a one paragraph conclusion	<u>Discussion</u>
Patient Perspective	Patient Perspective	12 The patient should share their perspective in one to two paragraphs on the treatment(s) they received	<u>Not applicable</u>
	Informed Consent	13 Did the patient give informed consent? Please provide if requested ...Consent for publication section	Yes ☒ No ☐
