AN OUNCE OF PREVENTION IS WORTH A POUND OF CURE
FOLLOW-UP SURVEY ON THE USE OF INSECTICIDAL COATING AGAINST *Aedes* sp.

We are working in collaboration with the Departmental Health Institute to improve the current situation regarding Dengue, Zika, and Chikungunya in our municipality through a program that involves applying an insecticidal coating to laundry tanks. Therefore, if you'll allow me, I'd like to conduct a survey to gather information on the progress of this program, which will take less than ten minutes. If you feel uncomfortable with any question, please feel free to skip it and exit this survey at any time. Please note that all information collected will be kept confidential, and your data will be protected.
