

PATIENT INFORMED CONSENT

Title of Manuscript: Off-Pump CABG in Interstitial Lung Disease: Navigating the Perfect Storm of Pulmonary and Cardiac Comorbidities Principal Investigator: Dr. Nishat Tamanna Rupa

Patient Name: Md. Abul Bashar

I, Md. Abul Bashar, hereby give my informed consent for the clinical details, laboratory findings, and reports related to my medical case to be published in a scientific journal/preprint server.

I understand and acknowledge the following:

- Purpose: The information is being published for the purpose of medical education and the advancement of cardiovascular and pulmonary science.
- Anonymity: My name and specific identity will not be published. Every effort will be made to ensure my anonymity, although absolute anonymity cannot be guaranteed.
- Ownership: I understand that once the article is published, it may be available in print and online and will be accessible to the general public and medical community.
- Voluntary Participation: My consent is given voluntarily. I have not been pressured into signing this document, and my future medical care will not be affected regardless of whether I sign this form.
- Right to Withdraw: I understand that I may withdraw my consent at any time before the manuscript is officially published.

Signature of Patient: Md. Abul Bashar
