

1
 2 **Figure S1. Oxford COVID-19 Government Response Tracker (OxCGRT) stringency**
 3 **index in Finland from 1 January 2020 to 1 January 2023.** The stringency index (y-axis)
 4 reflects the severity of government-imposed restrictions (lockdown stringency index),
 5 including measures such as school closures, workplace closures, and travel restrictions.
 6 Higher values indicate more stringent public health measures. Data were obtained from the
 7 Oxford COVID-19 Government Response Tracker (OxCGRT).
