

CARE Checklist for Case Reports

For manuscript: **“Subcapsular Hepatic Hematoma and Extensive Venous Thrombosis Associated with Suspected Fascioliasis: A Case Report from Ethiopia”**

Topic	Item #	Checklist Item	Reported on Line
Title	1	Diagnosis + "case report"	1, 2
Key Words	2	"2-5 keywords including 'case report'"	44-45
Abstract	3a	What is unique about this case?	19-23
	3b	Main symptoms/clinical findings	25-37
	3c	Diagnoses, interventions, outcomes	29-37
	3d	Main "take-away" lesson	39-43
Introduction	4	Why this case is unique	48-65
Patient Information	5a	De-identified patient information	69
	5b	Primary concerns and symptoms	74-75
	5c	Medical, family, psycho-social history	93-97
	5d	Relevant past interventions	69-73
Clinical Findings	6	Physical exam findings	98-104

Timeline	7	Timeline of care	69-73, 74-75, 98-104, 120-132 + table 1
Diagnostic Assessment	8a	Diagnostic testing	80-91, 106-116, 131-137 + table 1
	8b	Diagnostic challenges	110-111, 114-116,
	8c	Diagnosis and differentials	109-111
	8d	Prognosis	N/A
Therapeutic Intervention	9a	Types of intervention	120-126
	9b	Administration details	120-126, 127-128
	9c	Changes with rationale	124-126
Follow-up & Outcomes	10a	Clinician/patient-assessed outcomes	138-141
	10b	Follow-up test results	130
	10c	Intervention adherence/tolerability	138-141
	10d	Adverse/unanticipated events	N/A
Discussion	11a	Strengths AND limitations	189-193
	11b	Discussion of relevant literature	162-181, 194-195
	11c	Scientific rationale for conclusions	177-181

	11d	Primary "take-away" lessons	200-204
Patient Perspective	12	Patient's perspective on treatment	N/A
Informed Consent	13	Did patient give informed consent?	Yes, 232-235
